

To Whom it may concern,

I am writing this recommendation letter for Jackie Romankow. For several months, March-July, in 2022, Jackie served as a valued Cast Member for the New York production of *Stranger Things: The Experience*, an immersive theatrical experience produced by Netflix.

As Talent Manager of this production, I hired Jackie and was her direct supervisor. Jackie was one of our strongest Cast Members and played several roles in the production. She is highly dependable, professional, and personable. One of her roles required a stunt fall which she executed with many times with great precision. Her roles also required being well versed in 80's trivia and engaging guests. She is a very gifted improvisational actor and quickly became a fan favorite.

Jackie was always on time and prepared. Her strong work ethic, positive attitude and upbeat demeanor make her a pleasure to be around. I highly recommend Jackie for inclusion to any team; she certainly was a welcome addition to our ensemble.

Should you have any questions about Jackie's work with us, please do not hesitate to contact me.

With kind regards,

Peggy Magee

Talent Manager
